

LET YOUR LIGHT SHINE

This is a lunch* and workshop for nurses, student nurses and Nurses Christian Fellowship members sponsored by Tulsa Community College Student Nurses Christian Fellowship/Nurses Christian Fellowship. This event was conceived in response to the need for nurses and students to obtain a spiritual boost as the summer winds down and fall activities begin. *Christian nurses who let their lights shine in the darkness are often much brighter lights than they realize.* By following Jesus--- nurses can be kindled and their light seen brightly. Join Us!
