NURSES

As Christian nurses, we have the honor of making Christ known through our actions and words -- among our colleagues, patients, clients and their families.

“Our NCF professional nurse groups are a place to connect with people who can truly understand the roles in nursing and the highs, lows, tears, and joys that are a part of the profession. It’s a place to be encouraged and be reminded of our identity in Christ: not a title, a role, or a position. It’s a reminder that nursing is a holy calling. We make a difference in the lives of others.” - NCF professional nurse group leader
