

Be Transformed, *Transform Nursing . . .* through Bible study

Use these questions in any inductive Bible study to integrate faith with your role as a nursing student!

- What attributes do you appreciate about God in this passage of Scripture? Which of these attributes do you want to reflect in your nursing practice?
- Is there a promise to claim that encourages you in your nursing role?
- What do you learn about caring, compassion or mercy? How can you integrate what you learn in your daily life as a nursing student or nurse?
- What do you learn about yourself as a person created in the image of God? How does this impact the way you care for others?
- How can you apply the main point of this Bible passage to interactions with your peers, colleagues or patients?
- What does this text say to you about how Christian nurses are to act, speak and work? Is God asking you to make a change in your actions or speech?
- How does this passage offer insight about a problem or challenge you are facing in nursing school or in your nursing role right now?
