

Nurses Christian Fellowship
Invites Churches to Pray for Nursing
During National Nurses Week May 6-12

This special week prompts us to remember nurses who represent Jesus to patients, families, and co-workers.

- We pray that nurses and nursing students will experience God's encouragement as they face opportunities and challenges in caring for others in the name of Jesus Christ.
- In light of the ongoing nursing shortage, we pray that students will be called to enter nursing and faculty called to teach them. We also pray for nurses and students to provide safe, competent and compassionate care.
- We pray for nurses and nursing students in our congregation, as well as other health care providers in the church and community, to be strong in the Lord.
- We pray for healing for those experiencing illness in our church and that people in our congregation will be witnesses of God's love and compassion to them.
- We pray that God would empower and equip nurses and students to represent Jesus, and that He will use Nurses Christian Fellowship and the *Journal of Christian Nursing* to bring them knowledge, hope and courage.
